READY REFERENCE REGISTER

Register here names of the persons to whom you most frequently telephone, and look up the number on this list before calling. This will save your time in consulting the directory and ours in reducing the number of errors, due to guessing at numbers, to a minimum.

When new directory is delivered, before giving up this one tear off this page, check the names with the new directory, making any changes and additions desired, then transcribe on register in the new directory. Additional sheets will be mailed on request.

Paste Additional Sheets on Here

NAME	PREFIX	NUMBER

Human Factors in Good Service

THERE are three parties to each telephone connection—the party who calls, the trained operator, and the party who answers.

The telephone user shares with the operator the responsibility for good service.

Accuracy in calling, promptness in answering, clear and deliberate talking and patience on the part of the user and the operator, are essentials of good service.

In making 30,000,000 calls daily, millions of telephone users become integral parts in the Bell system and contribute to the success of the service.

ILLINOIS BELL TELEPHONE COMPANY

Information About Telephone Service

Subscribers Will Find it to Their Interest to Familiarize Themselves With the Contents of These Pages

The Company and its subscribers are mutually interested in everything that will assist in bringing the telephone to the highest possible standard of efficiency. One of the most important means of raising the standard is a better and greater knowledge on the part of the subscribers and patrons of the best method of procedure in using the service. The data on this and following pages contain valuable information and suggestions which, if studied, will help you to use the telephone more efficiently.

Local Telephone Service

Subscribers' Numbers. Each subscriber is designated by an exchange prefix and number which are placed to the right of the name and address in the directory. Always obtain the correct number from the current issue before making a call.

To Use the Telephone Properly. Place the receiver close against the ear, and the lips directly in front of and close to the mouth-piece of the transmitter. Speak in a moderate tone of voice and talk distinctly.

How to Make a Telephone Call. Take the receiver from the hook and place at the ear. If your telephone has a signal attachment, give one quick turn of the crank before removing the receiver from the hook. The operator will say, "Number, please?" Give the exchange prefix and number of the subscriber wanted (for example: Hammond 123 [one-two-three] giving each figure separately) and the operator will repeat them to avoid mistakes. Remain with the receiver at the ear until an answer is received. If the line desired is in use, either the "Busy Signal" (an interrupted, buzzing sound) will be heard or the operator will notify you of that fact. The Busy Signal means that the line called for is connected with some other line. Always hang up the receiver when through talking. If your telephone has a signal attachment, hang up the receiver and give one quick turn of the crank, to notify the operator to disconnect.

How to Answer a Telephone Call. Remove the receiver from the hook and answer promptly by giving your number or name (or both) or the firm's name, for example, "This is Gary 345 (three-four-five), Mr. Jones talking," or, "Jones-Haskell Company, Mr. Jones talking." Avoid the use of such phrases as "Hello!" "Well?" and "What is it?"

Answer Calls Promptly. Always answer calls promptly. Failure to do so keeps the calling party waiting and may result in the loss of a message.

To Attract the Operator's Attention during a connection, move the hook up and down slowly several times until the operator answers. Do not move the hook rapidly as this will prevent the operator from receiving the desired signal. If your telephone has a signal attachment, hang up the receiver and give a quick turn of the crank the same as when making a call.

Wrong Number. If, for any reason, you are connected with a telephone other than the one you called, do not hang up the receiver. Move receiver hook slowly up and down as directed in the preceding paragraph, to attract the operator's attention. If your telephone has a signal attachment, hang up the receiver and give a quick turn of the crank the same as when making a call. She will answer by saying, "Operator." Inform her that you have been given the wrong number, repeating the prefix and number you wish, and she will, if possible, secure the proper connection for you.

Service Complaints. To report any irregularity in the service, ask for the Supervisor (the Manager's representative at the switchboard in charge of the operators handling your calls) who will answer by saying, "Manager's Office." Report the facts to her; she is in a position to give you immediate assistance and will do whatever is possible to straighten out any difficulties in the service which may arise. If you wish the Manager personally the Supervisor will connect you with his telephone.

Information About Telephone Service—Continued

Report Trouble. When your line or equipment is out of order, report (from nearest telephone) by asking for "Repair Clerk," giving your exchange prefix and number and the nature of the trouble, if known.

Subscribers' Listings. The Telephone Directory is published to place at the disposal of subscribers and patrons, in the most convenient manner possible, an accurate list of telephone subscribers.

Listings are limited to those that are absolutely necessary to enable patrons to find the telephone number desired. Private Branch Exchanges have only one listed number although many trunk lines and terminals may be in use.

Changes in Subscribers' Listings. Subscribers are requested when they desire any change made in their directory listing to notify the Company in writing as soon as possible or at least ten days in advance of the date of publication of Telephone Directory.

Use Directory of Latest Issue. To secure the telephone number of the person to whom you wish to speak, refer to the latest official directory. Call by number (not name) to avoid errors and delays.

When calls are made for telephone numbers that have been changed for any reason, the new telephone number will be given.

Dates of Directories. Directories are published as frequently as necessary, advance notification of which appears in the local newspapers.

New Subscribers' Numbers. For subscribers' numbers not found in this directory call Information Operator.

A Ready Reference Register is provided (see inside front cover or foot note thereon for location) on which a convenient record can be made of names and exchange prefixes and numbers of the people whom you frequently call. The use of this page will save time of subscribers and increase the efficiency of the service.

Before exchanging or destroying your old Directory be sure to tear out the Ready Reference Page and check the names and exchange prefixes and numbers thereon with the new issue, making any changes or additions necessary, after which transcribe the entries on the Register in the new Directory.

No Liability for Damage arising from errors or omissions in making up or printing the directory is assumed by the Company. Extraordinary precautions are taken to avoid errors.

Party Lines. The continuous use of a party line is limited to five minutes. Subscribers are necessarily associated on the line with others located nearest to them using the same class of service. Mutual accommodation, usual in public service of any kind (where two or more persons are concerned), should be extended by party line users.

Bills for Local Service are rendered in accordance with the provisions of the contract and are payable monthly in advance. See page 8.

Telegrams by Telephone

Call by Name. To facilitate sending telegrams and cablegrams patrons should call by NAME for the Postal Telegraph-Cable Company, and for the Western Union Telegraph Company.

For Postal Telegraph-Cable Company—Call "POSTAL TELEGRAPH."

Patrons calling "POSTAL TELEGRAPH" will be connected with the office designated by that Company to receive telegrams or cablegrams by telephone.

For Western Union Telegraph Company—Call "WESTERN UNION."

Patrons calling "WESTERN UNION" will be connected with the office designated by that Company to receive telegrams or cablegrams by telephone.

Patrons desiring communication with telegraph companies for any other purpose than to send a telegram or cablegram should call by EXCHANGE PREFIX AND NUMBER in the usual manner.

Miscellaneous Information

Order to Move Telephone. If you wish to have telephone moved, write or telephone to the manager of the Exchange with which you are connected, giving telephone number, name and address; also new address and date you expect to move, at least fifteen days before removal is desired, except on moves due between April 15th and June 1st, and between September 15th and October 10th, at which two periods thirty days' notice is requested.

For Subscribers in East Chicago, Gary, Hammond, Indiana Harbor, Lowell and Whiting Exchanges:

Service Connection Charges, New or Additional Service; also for Change of Address:

1. For Individual and Party Line Service.....$3.50
2. For each extension station connected with any class of telephone service..... 3.50
3. For Private Branch Exchange Service the charge for establishing service is:
   (a) For each trunk line connecting the Private Branch Exchange with a central office.....$3.50
   (b) For each telephone connected to the Private Branch Exchange..... 3.50
4. To cover in part Directory, Accounting, Circuit and Switchboard expenses in cases where service is established by the use of instrumentalities already in place in the subscriber's premises and no change is made in the type or location of such instrumentalities.....$ .50

For Moves and Changes. The charges for changes of location or style of telephone equipment or wiring on the same premises are:

1. For moving a telephone set from one location to another on same premises.....$3.00
2. For change in type or style of telephone set..... 3.00
3. Change of name on same premises, one telephone set..... .50
4. For moving or changing any other equipment or wiring on the same premises, a charge based on the cost of labor and material.

For Subscribers in Dyer, Griffith, Highland, Munster and St. John Exchanges:

Service Connection Charges, New or Additional Service; also for Change of Address:

1. For Individual and Party Line Service.....$2.00
2. For each extension station with any class of telephone service..... 2.00
3. For Private Branch Exchange Service the charge for establishing service is:
   (a) For each trunk line connecting the Private Branch Exchange with a central office.....$2.00
   (b) For each telephone connected to the Private Branch Exchange..... 2.00
4. To cover in part Directory, Accounting, Circuit and Switchboard expenses in cases where service is established by the use of instrumentalities already in place in the subscriber's premises and no change is made in the type or location of such instrumentalities.....$ .50

For Moves and Changes. The charges for changes of location or style of telephone equipment or wiring on the same premises are:

1. For moving a telephone set from one location to another on same premises.....$2.00
2. For change in type or style of telephone set..... 2.00
3. Change of name on same premises, one telephone set..... .50
4. For moving or changing any other equipment or wiring on the same premises, a charge based on the cost of labor and material.

Identification of Employes. All employes of the Company whose duties require them to enter the premises of its subscribers for any purpose whatever are supplied with identification cards, each card bearing the photograph and name of the employe entitled to carry it. Any subscriber having the slightest doubt as to the identity or the right of the person representing himself to be an employe of the Company should inspect the credentials. **Beware of bogus collectors or inspectors.**

Attachments to Telephones. Telephone instruments have been designed as they are to produce the best results and are, necessarily, very sensitive and intricate. The various unauthorized devices offered for sale, which are supposed to improve transmission, eliminate noise, destroy germs, supplant the telephone directory, etc., are unnecessary. Many of them get the telephone lines and instruments into trouble, and the Company, to protect its service, is compelled to remove them.

Subscriber's contracts provide that no instruments or appliances not furnished by the Company shall be attached to or used in connection with its instruments or lines.

Public Telephones. Public telephone facilities are provided for the convenience of the general public in Railroad Stations, Department Stores, Hotels, Places of Amusement and in thousands of other locations throughout the city and suburbs. Wherever a "Blue Bell" sign is displayed the telephone is available to all.

Telephone Directories of Other Cities. Telephone Directories of the principal cities in the United States and Canada may be obtained by any of our subscribers or patrons, who will agree to pay the charge made by the issuing Company. For further information apply to your District Commercial Manager.

Regulations

With Which Subscribers Have Agreed to Comply

Use and Care of Equipment. The Subscriber shall not make, permit or use any electrical or mechanical connections or apparatus with the lines or equipment furnished by the Company, without the Company's consent. The lines and equipment on subscriber's premises shall be carefully protected and used for lawful purposes where installed and upon the termination of the right of use subscriber agrees to surrender them to the Company unimpaired or to insure, indemnify and pay the Company for any loss or injury to them arising from carelessness, accident or any other cause. At all reasonable times the Company shall have the right, which the subscriber shall provide, of access from the street line and of entering the premises of the subscriber to install, inspect or repair the lines or equipment or to remove them upon the termination of the subscriber's right of use. The subscriber shall not use or permit the use of foul, abusive or profane language or personate any other individual with fraudulent or malicious intent, over the equipment furnished.

Exchange Service. Subscribers to Exchange System service may, on the terms of their contracts, transmit local messages to all exchange telephones located within the limits of the exchange system in which the subscriber is served.

A local message is a communication not exceeding five minutes' duration between subscribers' stations within the same exchange limits.

Business service is furnished for use of subscribers and their employes only in their business and for such extra name users on the same premises as may be contracted for by the subscribers.

Residence service is furnished for the use of subscribers and their families only at their residences and for such extra name users on the same premises as may be contracted for by the subscribers.

The Company Does Not Guarantee Uninterrupted Working of the Lines or Equipment. For any complete failure of service of which notice in writing has been sent to the Company's district office and continued for more than twenty-four hours thereafter, an abatement of the contract charge for the period of such interruption shall be made.

The Company shall not be liable for defaults occurring on the lines of any other Company.

Subscriber's Telephone Number. Each subscriber's telephone is designated by an exchange prefix and number, which are placed to the right of his name in the telephone directory. This prefix and number are no part of the contract with the Company, and may be changed by the Company when necessary.

Private Branch Exchange Operation. Operators employed by the subscriber for the operation of private branch exchange switching apparatus shall comply with the operating rules of the Telephone Company, and render service satisfactory to it.

Collections. Settlements for service are due upon receipt of bills rendered about the first of each month. Payment should always be made before the 15th of the month at the Local Exchange Office. Checks should be made payable to the Illinois Bell Telephone Company. Subscribers are urged to settle their accounts promptly before they become delinquent to avoid suspension of service and inconvenience to their patrons and other users.

Alterations. The subscriber agrees to notify the Company promptly in writing whenever alterations or new construction on premises owned or leased will necessitate changes in the Company's equipment and the subscriber agrees to pay the Company's current charges for such changes. Estimates furnished on application.

Regulations, Concluded, and Long Distance Telephone Service

Change of Address or Location. The Company will move the equipment to any point where the Company furnishes similar service, within the limits of the same exchange system accessibly with its facilities, upon written order, when the subscriber agrees to pay the Company's current charge therefor. **After a Removal the Susbcriber Shall Pay the Current Rate for Service at the Location to Which the Removal is Made.**

Termination. The subscriber or the Company may terminate the contract on current terms, by giving ten days' written notice, in which case the subscriber shall pay in full to the end of such ten days, and the Company will refund the portion of any payment made in advance but still unearned at the end of such ten days.

Reinstatement Charges. Whenever a subscriber's telephone service is discontinued for nonpayment or other breach of contract, a charge will be made for the restoration of the service, not exceeding $2.00.

THE RATES HEREIN STATED ARE THE PRESENT LEGAL RATES OF THIS COMPANY AS ON FILE WITH THE PUBLIC SERVICE COMMISSION OF INDIANA.

Long Distance Telephone Service

The information given below is for the purpose of explaining the various classes of Long Distance service furnished. A careful perusal of this matter will enable subscribers to apply the service most advantageously.

Station-to-Station Service

The term Station-to-Station service is defined as a connection between any two telephones (including private branch exchange switchboard operator) and does not contemplate the establishment of conversation between particular individuals.

Under Station-to-Station rates a charge for a message is made in all cases where a connection is established with the called station.

MESSAGE RATES STATION-TO-STATION (BASIS)

Day Rates: 4:30 A. M. to 8:30 P. M.

AIR LINE MILEAGE DISTANCES		INITIAL RATE		OVERTIME RATE	
More than Miles	But not to exceed Miles	Rate	Minutes or Fraction Thereof	RATE	Minutes or Fraction Thereof
0	12	$0.10	5	$0.05	3
12	18	.15	5	.05	2
18	24	.20	5	.05	2
24	32	.25	5	.05	1
32	40	.30	3	.10	1
40	48	.35	3	.10	1
48	56	.40	3	...	..

Overtime rate for distances more than 48 miles, approximately one-third initial rate for each additional minute or fraction thereof.

For each additional 8 miles or fraction thereof, 5 cents additional. All initial rates for distances beyond 56 miles are for periods of three minutes or fraction thereof.

Evening Rates: Between 8:30 P. M. and 12 Midnight, **one-half** of the day rates.

Night Rates: Between 12 Midnight and 4:30 A. M., **one-fourth** of the day rates.

Minimum "Evening" or "Night" rates, 25 cents.

In applying Day, Evening and Night rates, the time of day at the originating point shall govern.

The time at which connection is established governs the rate in determining whether the Day, Evening or Night charge applies.

If connection is established in one period and terminates in another, the rate in effect at the time the connection is established applies to the entire message.

Person-to-Person Service

Calls for particular individuals are accepted at a rate **one-fourth more** than those quoted under Station-to-Station service, subject to the following regulations:

Orders for Person-to-Person service are accepted only under the condition that a limited charge (to be known as **"Report Charge"**) will be made in the event the Company is unable to establish communication for any one of the following reasons:

1. When the order is to establish communication with a particular person in a given city, telephone address unknown, and the particular person cannot be secured within one hour (exclusive of any time during which "no circuits" or other cause prevents communication of the order to the distant city or exchange, or its completion).

2. When the designated person called refuses to talk.

3. When the report is returned within one hour (exclusive of reported delay) that the designated person called is "out" or "out and will return at (specified time)" or "out and time of return unknown," "is absent from the city," and similar reports advising the calling subscriber of the facts ascertained when failure to complete the order is due solely to the circumstances of the called person or to fault in describing the location of the called person, and when all of the work preliminary to establishing communication with the called person is done.

4. When communication between the designated persons cannot be established because the designated person at the calling station is absent at the calling station; provided that no charge shall be made in such cases where the delay, if any, in establishing connection is greater than one hour (exclusive of reported delay).

5. When the designated person at the calling station refuses to talk when the facilities for communication have been established.

A **Report Charge** in addition to regular message charge is not made provided the call is completed on the day it is filed.

In any case where a Report Charge applies, the minimum Report Charge is 5 cents and the maximum $2.00 — approximately **one-fourth** of the initial Station-to-Station rate.

No Person-to-Person rate shall be less than 15 cents.

To points where the Station-to-Station rate is 5 and 10 cents, a Person-to-Person call is accepted at the 15 cent rate.

The initial period on all Person-to-Person calls is three minutes. An additional charge is made for each additional minute or fraction thereof. On a 15 cent, 20 cent or 25 cent message the charge for each additional minute is 5 cents. On a 30 cent message the charge for each additional minute is 10 cents and on all messages where the initial rate is 40 cents or more a charge equal to approximately **one-third** the initial rate is made for each additional minute or fraction thereof.

Appointment Calls. An Appointment Call is a Person-to-Person call on which communication is to be established at a specified time.

The rate for an Appointment Call is approximately **one-half** more than the Station-to-Station rate; but in the case of any Appointment Call, where the distant station is reached, whether the appointment be made or not, the Report Charge applicable in case of Person-to-Person calls shall be made.

Messenger Calls. Messenger Calls are Person-to-Person calls requiring the use of a messenger, to secure a designated person.

The rates for Messenger Calls shall be the same as apply to Appointment Calls, plus any charges that may be required for the services of messengers.

Messenger charges incurred are to be paid even if desired conversation is not held.

Collect Calls. Collect Calls are Person-to-Person calls, the charges for which are "reversed;" that is, to be collected from the called station, provided the charges are accepted by the person called.

Evening and Night Rates as described in Station-to-Station schedule do not apply to Person-to-Person calls, the rate being the same on these either day, evening or night.

To Make a Long Distance Call. Call the local operator in the regular way and ask for "Long Distance." When the Long Distance operator answers, give her the name of the town or city desired. If you wish to file a **Station-to-Station** call, notify the operator that you will talk with anyone who answers the telephone at the desired address (see Station-to-Station service, page 9). If you wish to file a **Person-to-Person** call, give the operator the name of the particular person wanted (see Person-to-Person service, pages 10 and 11). In either case, furnish the telephone number desired (if known); otherwise give the firm name or the name and initials of the person under whose name the telephone is listed, and, if possible, the street address. Then give the number of the telephone from which you are calling and your name.

Requests for Charges. If a patron desires notification of the amount of the charge on his message he will save time by so advising the operator at the time he gives his call. If the request for such information is not made until the completion of the conversation, unavoidable delay results while the operator obtains the rate and computes the charge.

Bills for Long Distance Service are made from the 16th of one month to the 15th (inclusive) of the next month, in order that they may be issued at the beginning of each month.

Supervision by Private Exchange Operators. The long distance operator is held responsible for the supervision and timing of all messages and for the character of the service furnished. Supervision of connections by Private Branch Exchange Operators interferes with satisfactory service, and such operators should not remain "cut in" on the line after the connection has been established.

Long Distance Telephone Service and Rates

The following examples illustrate the method of charging according to the grade of service furnished:

KIND OF SERVICE	Call from Hammond, Indiana, to Gary, Indiana				Call from Hammond, Ind., to Detroit, Mich.	
	Initial Rate	Overtime Rate	Initial Rate	Overtime Rate	Initial Rate	Overtime Rate
	5 Min. or Fraction Thereof	3 Min. or Fraction Thereof	3 Min. or Fraction Thereof	1 Min. or Fraction Thereof	3 Min. or Fraction Thereof	1 Min. or Fraction Thereof
Station-to-Station	.10	.05			1.55	.50
Completed Person-to-Person			.15	.05	1.90	.60
Completed Appointment (Person-to-Person)			.20	.05	2.30	.75
Completed Messenger Calls x			.20	.05	2.30	.75
Report Charge			.05		.40	
Evening (8:30 p.m.-Mid.) (Station-to-Station Service only.)	.10	.05			.80	.25
Night (12 Mid.-4:30 a.m.) (Station-to-Station Service only.)	.10	.05			.40	.10

x Plus Messenger Charges.

Schedule of Rates to the Points Enumerated Below

To make a call between any of the **express points** designated below by*, proceed the same as with a local call; i. e., give the operator the exchange prefix and number desired and hold the receiver until the called number answers or the operator gives a definite report.

To make a call between any of the points not designated by star, ask for Long Distance Operator.

RATE BETWEEN	Beverly	Burnham	Chesterfield	E. Chicago	Griffith	Hammond	Hegewisch	Highland	Indiana Harbor	Lansing, Ill.	Munster	Pullman	So. Chicago	Whiting

*Express Service furnished between these points.

Rates quoted are for a period of 5 minutes. An additional charge of 5 cents is made for each 3 minutes or fraction thereof in excess of 5 minutes when the initial rate is 10 cents. An additional charge of 5 cents is made for each 2 minutes or fraction thereof in excess of 5 minutes when the initial rate is 15 or 20 cents and 5 cents for each minute or fraction thereof in excess of 5 minutes when the initial rate is 25 cents.

A subscriber wishing Person-to-Person, Appointment, Messenger Calls or Charges Reversed on calls to any of the above points, may secure the rate from the Long Distance Operator. If such service is desired, ask the local operator for "Long Distance."

On calls to points other than those listed above, ask for Long Distance. When the Long Distance Operator answers, give her the details of your call, stating whether you desire Station-to-Station or Person-to-Person service (see pages 9, 10 and 11).

The rates herein stated are the present legal rates of this company as on file with the Public Service Commission of Indiana.

ILLINOIS BELL TELEPHONE COMPANY — BELL SYSTEM — AMERICAN TELEPHONE & TELEGRAPH CO.

FEBRUARY, 1922
Telephone Directory
of
CALUMET DISTRICT OF INDIANA
Including

Burnham, (Ill.), Dyer, East Chicago, Gary, Griffith, Hammond, Highland, Indiana Harbor, Lansing, (Ill.), Lowell, Munster, St. John, West Hammond, (Ill.), Whiting.

Because of the large volume of Telephone Intercommunication between our subscribers and patrons in the above exchanges, the ILLINOIS BELL TELEPHONE COMPANY has arranged in one alphabet the names of all subscribers served in the district covered by this directory. IN CALLING FOR CONNECTIONS ALWAYS GIVE THE NAME OF THE EXCHANGE AS WELL AS THE NUMBER—i. e., HAMMOND 123, GARY 456, ETC.

This arrangement of names is for the convenience of our subscribers and patrons and does not affect in any way the toll rates between the exchanges.

(*) Signifies Private Exchange, All Departments

BELL SYSTEM

Prolonged telephone conversations over party lines involve a certain amount of danger to fellow-subscribers.

An emergency call for the fire or police department, or for a physician, may be delayed by an unnecessarily long use of the line.

Party line subscribers are urged to make their telephone conversations as short as the business in hand will permit.

America Leads the World

THE average American wants quick action, and the telephone gives it to him. Today America is the largest user of the telephone of all the nations of the earth.

It is less than forty-five years since Professor Bell brought out his speaking telephone, and today there are 12,000,000 telephones in the United States belonging to or connected with the Bell System.

Of the myriad of telephone conversations which pass over the world's wires, more than half are from telephone to telephone within the United States.

America's wonderful telephone development is due to superior equipment and methods and to the big idea—that the public is best served by a Universal system in which each Bell Telephone is the center of a talking circle, limited only by the distance to which speech can be transmitted.

Illinois Bell Telephone Company

SERVICE FIRST
ILLINOIS BELL TELEPHONE COMPANY

"Station to Station" Long-Distance Service

Get acquainted with the money and time saving "station to station" long-distance telephone service.

This service is a long-distance connection between any **two telephones** (including private branch exchange switchboard operator) as distinguished from a connection between individuals.

Under "station to station" rates a charge for a message is made where a connection is established with anyone at the called station.

If when giving an order for a long-distance call you are willing to talk with anyone who answers the distant telephone, just call by number, if you know it, or by name of subscriber or firm if you do not, and tell the operator you will talk to anyone who answers.

This service is quicker and about twenty-five per cent cheaper than "person to person" service.

Get acquainted with our "station to station" service and save time and money.

DIRECT RESULTS

are what the advertiser wants, and to get direct results he must employ direct mediums

What medium can be more direct than the one that will carry your message before the prospective customer when he wants to buy your class of goods?

The classified directory is not used promiscuously or for amusement—but is used by business men and housewives when they want to buy certain commodities and do not know exactly where to secure them.

Greet this business man or housewife with your business card. It will pay you.

90% of the Advertisements in this Book are RE-ORDERS

Records speak with eloquent emphasis. They are stronger than mere claims. They are powerful testimonials. They are the evidence, and evidence determines the verdict.
